O R D E R:

In the G.O.1st read above, Government have accorded permission for supply of 3200 Kilolitres or 0.041TMC of water per Day from flood flow canal of GNSS or from SRBC during flood days (i.e. 90 Days) to M/s Sree Jayajothi Cements Ltd., for an initial period of 5 years, subject to payment of water charges as per rules in vogue, on usual terms and conditions and without detrimental to drinking water and Lift Irrigation requirements.

2. In the G.O.2nd read above, Government have renewed the permission for drawl of 3200 Kiloliters of water per Day during the flood days from GNSS/SRBC flood flow canals to M/s Sree Jayajothi Cements Ltd., for a further period of 5 years w.e.f 22-01-2013 and subsequently renewed the permission vide G.O.5th read above, for another period of 5 years w.e.from 23-01-2018, which was expired by 22.01.2023.

3. In the letter 7th read above, the Engineer-in-Chief (Irrigation), Water Resources Department, has recommended the proposal based on the report of the Chief Engineer(P), Kurnool and requested the Government to issue necessary orders for according renewal of water drawl permission to M/s Sree Jayajothi Cements Ltd., to draw water of 3200 KLD or 0.041 TMC from Flood Flow Canal of GNSS or from SRBC **for further period of 5 years w.e.f 23-01-2023** with the following usual terms and conditions:

1) The water can be spared subject to the availability of water in the Flood Flow Canal of GNSS or from SRBC during Flood Days (i.e 90 Days)
2) The entire cost of construction of intake well, pump house, pipelines excavation etc., should be borne by the industry only.
3) Water meters or suitable measuring devices should be installed by the industry at their own cost to measure the water consumed and should be made available to the Departmental Authorities and the representatives of the users shall be present at all time of inspection. The water meter shall be periodically calibrated and kept sealed. The period of calibration will be specified by the Department.
4) The industry should pay the water rate /royalty charges as fixed by the Government from time to time. The water royalty charges may be revised

(Contd..P.2)

by the Government from time to time and the industry has to pay the revised rates as fixed by the Government from time to time. In case of failure, to pay water rate/royalty, the permissions to draw water shall stands cancelled.

5) The industry shall obtain the prior concurrence from concerned Departments for laying pipelines and for crossing etc., wherever necessary.
6) No field bodhi or pipeline shall be taken through or along with Government land without approval of Government and if permission accorded by the Government, the lease should be paid as fixed by the Government only.
7) The industry should make their own arrangements to dispose the treated effluents as per norms of A.P. Pollution Control board in their premises only and should obtain prior permission if any needed from the Government to dispose treated effluents in their natural sources. Necessary clearance from the A.P. Pollution Control Board is to be obtained in this regard by the firm before drawl of water from the source.
8) The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
9) The Water Resources Department is no way responsible for non-supply of water due to any reasons.
10) The industry must acquire the private land for installation of pumping arrangements. If the industry proposes to utilize Government land for installation of pump house, necessary permissions is to be obtained from the Government for leasing the land and the lease amount as fixed by the Government is to be paid by the industry.
11) The industry must strengthen the river margin 100 Mts. from the toe to the River Flood Bank.
12) The Industry has to lay CC(1:4:8) before laying the pipeline and CC(1:2:4) over the pipeline, refill the pipeline with proper soils and consolidate the banks as directed by the Department.
13) The Industry has to construct CC walls to avoid leakage at pipeline crossing.
14) The water drawn from the Flood Flow Canal of GNSS or from SRBC during Flood days (i.e 90 Days) should be utilized for the purpose for which the permission is granted.
15) The Industry should follow the Revenue Board Standing Orders.
16) The Industry shall pay Security Deposit at 5% on 10 years water charges for which permission is granted.
17) The Industry shall pay one year water charges as advance and any amount due to the Department before entering into agreement.
18) The Industry has to conclude agreement with the Officers concerned of Water Resources Department.
19) The Industry shall abide by R.C.Act-1884 and any other conditions laid down by the Government/ Department from time to time.
20) The Industry should make its own arrangements for summer storage in their premises only and to conclude agreements accordingly.
21) The Industry has to pay the water charges for the estimated quantity in advance at the start of the financial year i.e., before 10th April every year as per BSO.
22) Under any circumstances, the consumptive utilization should not exceed the quantum of water allotted by the Government.
23) The proposed drawl for this plant should not affect Lower Riparian Rights (LRR) and Upper Riparian Rights (URR) in any manner. The permission does not confer any riparian right to the industry.

(Contd..P.3)

24) The Department is no way responsible for any damages that may occur to the off take point due to floods in Flood Flow Canal of GNSS or from SRBC during flood days (i.e 90 Days) or on an account of any other reasons.
25) Any other conditions stipulated by the Water Resources Department afterwards if found necessary, the same will be binding on the firm.
26) Non-Adherence to any of the above condition by the industry will entail cancellation of the permission.
27) The Firm has to produce the relevant records for Departmental verification at the end of each quarter periodically.
28) The concerned Executive Engineer will be responsible for enforcing the conditions.
29) The firm has to obtain separate permission duly enclosing the drawings of pipe lines and lease amounts to be paid for the Government Land to be leased as per the prevailing norms.

4. After careful examination of the matter, Government hereby accord renewal permission to M/s Sree Jayajothi Cements Ltd., for drawl of 3200 KLD or 0.041 TMC from Flood Flow Canal of GNSS or from SRBC **for further period of 5 years w.e.f 23-01-2023** upto 22.01.2028 subject to the terms & conditions as mentioned at para-3 above.

5. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, the Chief Engineer(P), Kurnool and the Collector & District Magistrate of Kurnool District shall take necessary action accordingly.
